NAOMI™

Relax, you're in the hands of highly trained professional drivers  
*...yeah, right.*

People get out of the way! A Crazy Taxi is coming through! In this cab, the only thing that matters is getting the passengers to their destinations. How you get 'em there is entirely up to you! You won't have time to take the scenic route or for that matter, stick to the pavement! Why drive around the park when it's so much quicker to drive through it? Short cuts are everywhere in this virtual environment game where the shortest path between two points is definitely a straight line regardless of what or who gets in the way!
