Legends can't stand still.

This is the first ever video game featuring the world's favorite motorcycle Harley-Davidson®. And what better time to debut this beauty then now; the year Harley® will be celebrating 95 years in the business. Sega has made this experience possible for you, all you have to do is jump on your motorcycle, drop in the coins get ready to quantum leap to the next generation in motorcycle simulators!

- The Model 3 3D graphics board and the 50 or 29 inch screen hauls you into the visual thrill of racing a Harley Davidson® Motorcycle.
- Feel the freedom of a FLSTF Fat Boy®, FL Panhead 1948®, FXDWG Dyna Wide Glide®, XL 1200S Sportster®, 1200 Sport® or FXRP Police Motorcycle® as you cruise down the Los Angeles highways.
- Good Vibrations! Groove while you cruise by selecting your favorite tunes with the music Select button.
- Switch between three different viewpoints using the View Change button.
- Link up to 4 bikes to experience the pleasant symphony of a handful of bikes rumbling through the streets of **Tinsel Town**.
- Take short cuts, side streets, and detours to make your way through the streets of Los Angeles.
- Hear and feel the growl of the authentic Harley® engine through 2 rip roaring speakers and 1 awesome shaker.
- Reproduce true effects by using different combinations of the front and rear brakes.
- A turn of the handle bars will lean the bike in various directions.
- New to the game of racing is the flexibility of choosing several routes within the course of your game. No restrictions!
