

DISCOVER THE WHOLE REALITY WITH EXO

Most of the entertainment offered to residents of Metropolises today, has little difference from those which existed 10 — 20 years ago. We however, live in 21st century, the age of augmented reality and ever expanding digital technology, so why fill your leisure time with common and familiar offerings when there are great ways to “Break the Mould” and experience New Emotions and Impressions!

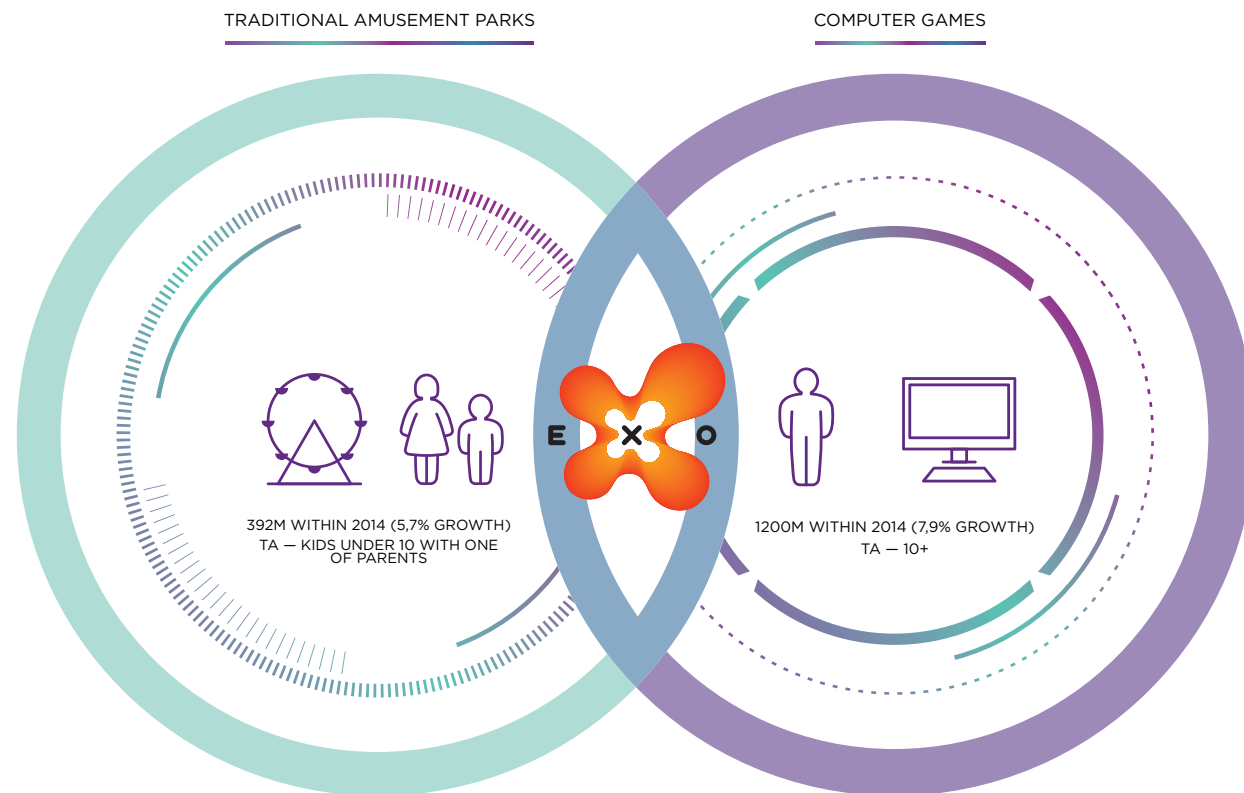

Exo Amusement Rides — where nothing is standard!

BETTER
— THAN —
REALITY!

EXO – COMBINING VIDEO GAMES WITH AMUSEMENT RIDES

Exo was created as a blend of the best from video games and amusement rides.

EXO is a new form of virtual reality entertainment that creates a full engagement experience.

Traditional amusement rides give us true excitement of pure emotions and adrenaline – they are truly breathtaking. As a result, you always want to feel it again!

Computer games allow players to participate in, control the action and play together with friends; i.e. they are truly interactive. As a result, you always want to play more!

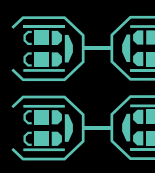

WHAT KIND OF PRODUCTS EXO CAN PROVIDE?

EXO concept involves the creation of a broad product line:

- variety of amusement rides based on Exo technology as single products: Exo Ride, ExoJet, ExoBox etc

- ExoDrome — a combination of 2-8 amusement rides based on Exo Technology

- Exopark — a full complex of various amusement rides based on Exo Technology and united by one common theme.
