Portable Photobooth: This range of ultra-light and ultraportable PhotoBooths is specially designed to suit any space and have an easy mobility.

Led Revolution: The combination of PhotoBooth technology with interactive LED screens. A growing line of products giving you the revenue WOW factor.

PhotoBooth Camera: DC PhotoBooths are equipped with 10 MP camera.

Payment method: In DC PhotoBooths users can pay with cash, credit/debit card and Smartphone.

Email & Social Networks: Share photos and videos via email and social networks.

The Cloud: A server to control and manage the PhotoBooths and events online. It's Possible to customize the Cloud.

Customize

- Custom or advertising on screen
- Text on the side of the print
- Logo printed on photos
- Custom Cloud
- Custom Decals

Share Secure: The safest way to share photos via social networks because private data is never typed at the PhotoBooth. The PhotoBooth prints an exclusive QR code.

QR-Photo: The photos are printed with a unique and exclusive QRcode that users scan with any Smartphone and allows them to access The Cloud.

Advertising Platform: To receive impact advertisements in the PhotoBooth. In addition to grab the attention of passerby's.

Remote Control: APP to retrieve audits, reports, and alerts in real time. It will also let owners know about the status of the film, if the cash box is full and its location.

MyPhotoCode App: Free application to smartphones from DC. The first social network application for PhotoBooths.
