- 2-Time World Air Hockey Champion
- U.S. Air Hockey Association Pioneer
- Founder and Owner, Gold Standard Games

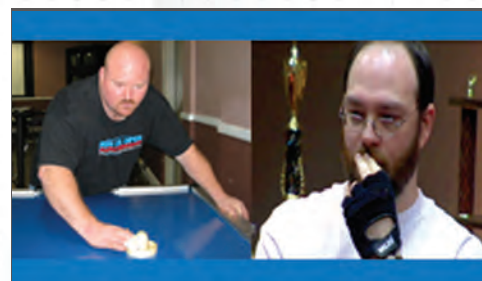

Designed and Engineered in Bay City Michigan

Mark Robbins chose only the best engineers and materials for the exceptional quality tables he and other Air Hockey Champions stand behind.

Plays Right, Built to Last

Aluminum rails for accurate bounces; wear-resistant laminate surface provides durability.

Air Hockey Champions

Recommended by 11-Time USAA World Champion Danny Hynes and 10-Time Champion Tim Weissman.

- Full size 3 3/16" diameter puck for maximum stability on the table and pro-quality action
- Solid, low-profile, professional-style aluminum rails provide superior bounce and bankability
- Special wear-resistant laminate top for years of durability
- Centerline and face-off circle for competitive play

- Electronic scoring with sound option.
- Brand new modern design
- Competitive play quality in an affordable home table
- Available with or without side graphics
- Created by Air Hockey Champion Mark Robbins
